

Model No.

WIM-310

WELLSPRING
MACHINE
SPECIFICATIONS

SOFT-SERVE MACHINE

(FOR LOW OR NON-FAT SOFT-SERVE ICE CREAM, CUSTARD, YOGURT, AND SORBET)

DOUBLE FLAVOR TWIST, FLOOR MODEL

* AUTOMATIC CONTROL SYSTEM

Button control

* COMPACT AND EFFICIENT

Compact size allows for low electricity and maintenance costs
Quick dispensing time

* USER FRIENDLY

Easy to clean and maintain
Assembling and disassembling made easy

* INDICATOR LIGHTS

"Mix Low" light alerts operator to add mix
When the mix is low, audible alarm will sound and it will automatically shut down to prevent damage

* INDEPENDENT COMPRESSORS

Separate compressors for each cylinder and mix hopper allows each side to run independently

* STANDBY FUNCTION

During long periods of no-use, the standby feature maintains safe product temperatures in the mix hopper & cylinder

COMPACT DESIGN

Can be installed in tight areas

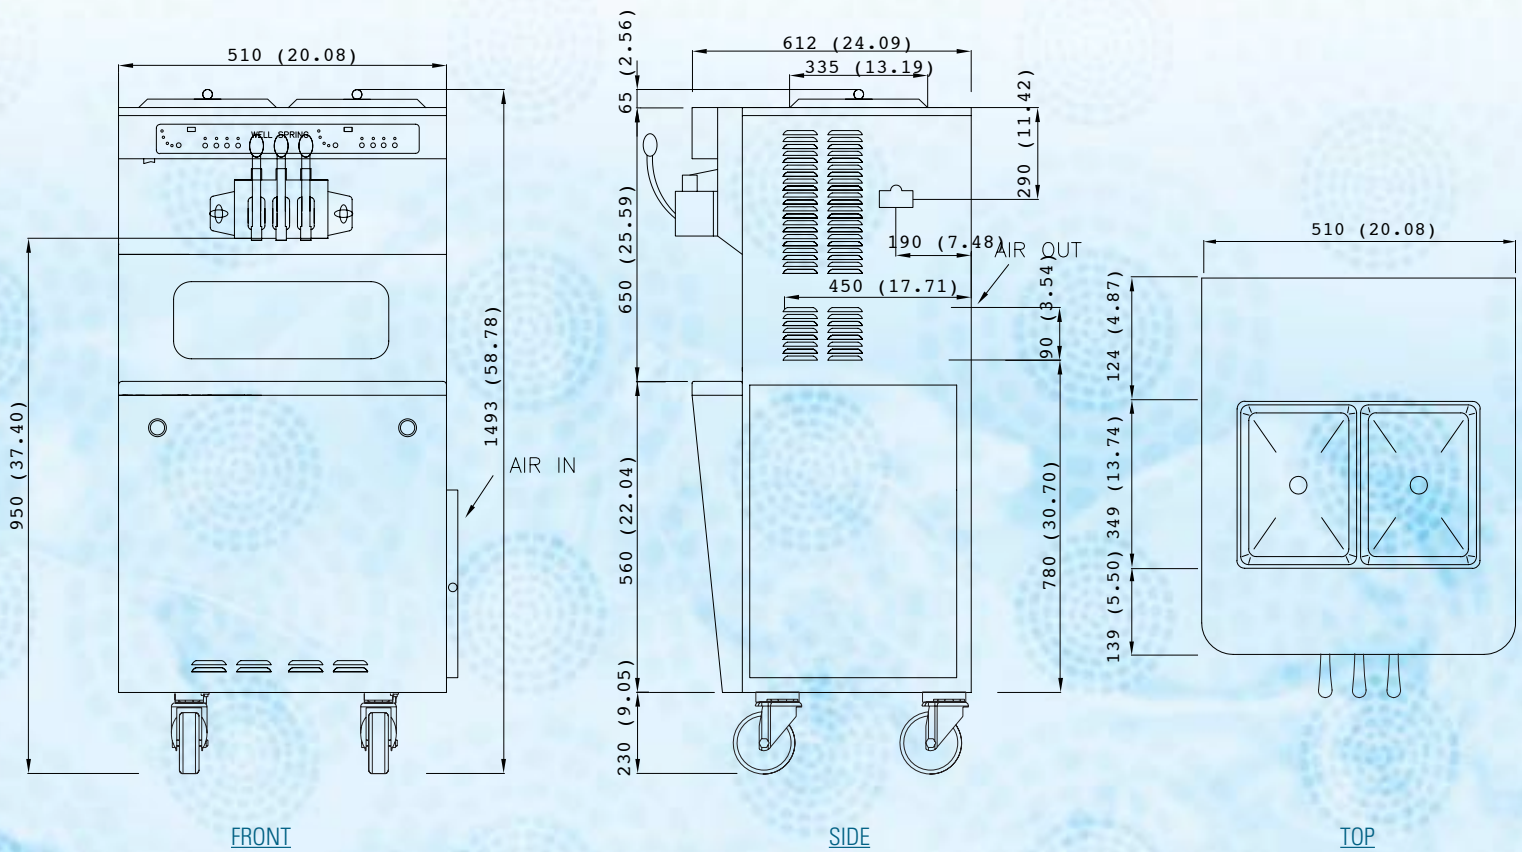

LOW NOISE & VIBRATION

Operating sound is very low compared to similar machines

* Two flavors and one twist

Production Capacity (Max)	(lbs/h)	48 x 2 ea
Consecutive Dispensing (Min)	(cups)	20 ~ 25 cups (cc)
First Dispensing Time	(min)	8 ~ 10
Mixing Tank Capacity	(gal)	1.3 x 2
Cylinder Capacity	(gal)	0.4
Net/Crated Weight	(lbs)	375 / 460
Power Consumption	(kw)	2.5
Rated Voltage	(V/HZ/PH)	220V / 60HZ / 1PH
Compressor		0.75HP(R404A)x2EA / 0.35HP(R134A)

DOUBLE FLAVOR TWIST, FLOOR MODEL

- Compact Design
- Air Cooling System (No Water Drain Required)
- Self-Supportive Cooling System and Motor
- Short Lead Time for First Dispensing
- Sanitary and Ergonomic Design
- Lowest Noise and Vibration
- Low Operational Cost Due to Easy Installation and Maintenance
